

# Get Acquainted

It is important for students and instructors to get acquainted during the first couple of classes. If we connect with each other, it will help us create a friendlier and more supportive classroom environment. Take a few minutes to respond to the questions below and then you will have an opportunity to share some of your responses with others in the class.

1. When is your best time/day to study?

2. What do you expect to learn in this class?

6. How do you stay positive?

3. What movie makes you laugh?

7. How will you support your classmates?

4. What is your greatest hope for this semester?

8. What is one thing you would like us to know about you?

5. What do you do well?

9. Where is your favorite place?
