

Get Help

Use Campus Services

On your college campus, there are many services available to help students succeed. If there is something holding you back from finding the success you seek, why not explore your campus resources to find what you need? Grab a campus map and go on your own campus tour. Ask some questions and get some answers to find the services right for you.

Financial Aid Office

Visit the financial services office on campus and see if you qualify for financial aid.

Academic Counselors' Office

Make an appointment with a counselor to review your educational plan.

Disabled Student Program and Services Office

Inquire about specialized instruction, and educational accommodations.

College Transfer Center

Find out which California State Universities and Universities of California your college works with.

Campus Library

Ask the librarian to show you resources available to help students write research papers.

Student Health Center

Locate the student health center and inquire about medical services available to students.

College Job Board

Find the job board and describe a job posting that interests you.

Campus Career Center

Visit the campus career center and ask about career fairs and upcoming workshops.

Tutoring Center

Check out the campus tutoring center and find out their hours.

Childcare Center

Look into the childcare center and inquire about their services.
